CAREER OBJECTIVE

Aspiring full-stack developer eager to secure a web development internship for hands-on industry exposure and skill enhancement through practical projects.

SKILLS

Frontend: HTML, CSS, JavaScript, React, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB, SQL

Other: REST APIs, Git, GitHub, Version Control, Responsive Web Development, Data Structures, Python, Django (Basics)

EDUCATION

Bachelor of Science – Computer Science

SIES College of Arts, Science & Commerce, Sion West

Expected Graduation: January 2027

Certification:

IBM Web Development Fundamentals (IBM SkillsBuild)

WORK EXPERIENCE

Self / Personal Projects – Full Stack Web Developer (November 2025 – Present)

- Developed multiple frontend applications using React including Secure Notes Dashboard and To■Do App.
- Created reusable components and managed state using React Hooks (useState, useEffect).
- Implemented responsive UI using CSS, Flexbox, and media queries.
- Integrated REST APIs such as LocalStorage and deployed applications on Vercel.
- Designed responsive web applications using HTML, CSS, and JavaScript.
- Utilized Git and GitHub for version control and collaborative workflow.
- Integrated third■party APIs to enhance application functionality.

PROJECTS

React To■Do App (December 2025)

- Built responsive To■Do List App using React.js with CRUD functionality and LocalStorage persistence.

Live: <https://react-todo-app-sigma-sage.vercel.app/>

React Product Landing Page (December 2025)

- Developed responsive landing page using React with reusable components, CSS media queries and interactive animations.

Live: <https://react-product-landing-page-win.vercel.app/>

React Contact Page (December 2025)

- Built professional Contact Page with clean UI using React and CSS modules.

Live: <https://react-contact-page-one.vercel.app/>

MERN Notes App (December 2025)

- Built secure full-stack notes application using MERN stack with JWT authentication, protected routes, and dark mode UI.

ADDITIONAL DETAILS

Secured 3rd rank in college and 1st rank in class (50 students) in 12th Computer Science (2023) scoring 83.33%.

AWARDS & HONORS

Participated in a college hackathon, worked on solving real-world problems under time constraints, and strengthened teamwork and development skills.
